

ONLINE TECHNICAL & BUSINESS COURSES FOR REPAIR SHOPS

ALLDATA Training Garage is an online training program built for tech students, technicians and shop owners. Get access to **93 automotive technical courses** (including an additional 15 mobile-ready videos), and **24 business management and business building courses**.

Each one-hour course is divided into short interactive modules to fit everyone's busy schedule.

MOBILE READY VIDEOS

6-Minute Videos

- Compression Testing
- Cylinder Leakage Testing
- Door Systems Diagnosis
- Oil Consumption Diagnosis
- Parasitic Draw
- Power Seat Diagnosis
- Rear Differential Diagnosis
- Voltage Drop
- Wiper System Diagnosis
- Hydraulic Power Steering Sys. Diag.

15-Minute Videos

- Evaporative Emissions Systems 1
- Evaporative Emissions Systems 2
- Mode \$06
- Noise, Vibration, and Harshness

20-Minute Video

- Evaporative Emissions System Diagnosis

/// TECHNICAL COURSES

Fundamentals

Automotive Meters
Automotive Analyzers
Fasteners, Seals & Gaskets
Shop Safety
Automotive Testers
Diagnosis of DTCs
Precision Measuring Tools

Maintenance

Automotive Fluids
Behind the Wheel
Underhood
Under Car

Engine

Engine Fundamentals
Automotive Fuels
Carburetor Fundamentals
Ignition System Fundamentals
Throttle and Idle Control Sys. Operation
Engine Performance - Sensor Simulation 1
Engine Lubrication and Cooling
Engine Lube Sys Diagnosis and Inspection
Exhaust Systems and Service
Engine Performance Specialty Tools
Induction Systems
Engine Management System Operation
Engine Performance - Drivability Simulation 1
Fuel Injection System Theory
Engine Cooling Diagnosis and Inspection
Mode \$06 Introduction

Steering & Suspension

Tires and Wheels
Steering System Operation
Electronic Power Steering Systems
Suspension System Operation
Wheel Alignment

Electrical

Electrical Theory
Electromagnetism
Electrical Components
Electrical Schematics
Battery Theory
Starting System Theory
Charging System Theory
Computer System Fundamentals
Advanced Battery Theory
Hybrid Fundamentals
Hybrid Safety Overview
Hybrid Brake System Overview
Tire Pressure Monitoring Systems
Tire Pressure Monitoring System Diagnostic Exercise
Communication and Entertainment Sys.
Vehicle Networks
Battery, Starting, and Charging Systems Operation
Accident Avoidance Systems
Electrical Components and Circuits
Electrical Sensors
Voltage Drop Diagnostic Exercise
ECM No Communications
Theft Deterrent Systems Basics
ECM No Communications Basics

Brakes

Introduction to Base Brakes
Base Brake Components
Hydraulic System Repair
ABS Systems
ABS Diagnostics
Brake Pedal Diagnosis
Brake System Operating Components
Apply/Assist System Repair
Machining Rotors and Drums
Traction and Stability Control Systems
Brakes - ABS Controls Simulation 1

Transmission & Driveline

Automatic Transmission 1
Automatic Transmission 2
Drive Train
Automatic Transmission Electronic Controls System Overview
Manual Transmission 1
Manual Transmission 2
Transmission Fluid check

HVAC

Introduction to HVAC
Air Conditioning
HVAC Service
Air Conditioning Electrical Testing
Advanced HVAC Systems and Controls
Advanced Air Conditioning Diagnosis
Heating and Ventilation
Air Conditioning System Control Testing

Diesel

Diesel Engine Introduction
Diesel Radial Piston Distributor Pump Fuel System
Diesel Axial Piston Distributor Pump Fuel System
Hydraulic Electronic Unit Injection (HEUI)
Diesel Electronic Unit Injection (EUI)
Diesel Engine Subsystems
Diesel Common Rail Fuel System
Introduction to Diesel Emission
Diesel Mechanical System

/// BUSINESS MANAGEMENT & BUSINESS BUILDING COURSES

Business Building

Introduction to Selling Service
Introduction to Financial Management
Increasing Service Bay Sales
Closing the Sale and Delivery
Verbal and Nonverbal Communication
Introduction to Forecasting and Planning
Expanding Your Customer Base
Preparing for Successful Service
Managing Customer Objections
Customer Follow up and Going Forward
Building Customer Loyalty
Conflict Resolution

Shop Management

Scheduling Basics
Parts Inventory Performance
Training Employees
Marketing & Advertising
Enhancing Profitability
Service Facilities
Parts Inventory
Managing Employees
Profit Margins
Financial Reports
Business Analysis
Talent Acquisition
